Holy Cross Educational Society

Holy Cross Educational Society was formed with the objective of foraying into Education field to pioneer the effort of empowering the students of humble background. The Trust felt that the students from the rural society are often denied a fair share in the economic and career growth that an engineering student from the urban society generally enjoys.

The Trust sincerely felt that an engineering institution with a resolve to change the scenario by providing all the guidance and assistance to empower such students to compete with more privileged ones and win would be a real game changer. Holy Cross Educational Society continues to offer broad-based and student oriented courses ranging from Arts, Science, Commerce, Engineering, Management, Education etc.,
