DEPARTMENT OF CIVIL ENGINEERING

Report-On

“Environmental Impact Assessment”

(20-08-2020)

As the Department of CIVIL conducting the One Day Webinar on Environmental Impact Assessment organized for students of CIVIL on 20th AUG 2020. The technical team has given the knowledge on Environmental Impact Assessment.

This program was organized by B.Venkatesh, Head of the department with the co-ordination of Mr. R.Tharun, Assistant Professor, and Civil Department.

The Webinar was organized for one day effective from 20-08-2020 with a total duration of 8 hours. All the CIVIL students were benefitted from this seminar. The program was held in CIVIL Seminar hall for inauguration, theory and technical session practical were conducted in Autocad lab.

The trainers given excellent presentation on the purpose of the assessment is to ensure that decision makers consider the environmental impacts when deciding whether or not to proceed with a project. The International Association for Impact Assessment (IAIA) defines an environmental impact assessment as the process of identifying, predicting, evaluating and mitigating the biophysical, social, and other relevant effects of development proposals prior to major decisions being taken and commitments made, EIAs are unique in that they do not require adherence to a predetermined environmental outcome, but rather they require decision makers to account for environmental values in their decisions and to justify those decisions in light of detailed environmental studies and public comments on the potential environmental impacts

The Webinar successfully by enhancing the confidence levels of each and every student for future attempts of improving career prospects.

The total program is successfully completed with the cooperation of each and every faculty member of the department and student participants.
