#### ABOUT THE COLLEGE:

Mother Theresa Institute of Engineering & Technology was established in the year 2010 with an objective to impart quality education to students in the fields of Science and Technology. The College is affiliated to Jawaharlal Nehru Technological University ananthapuram(JNTUA) Ananthapur and approved by All India Council for Technical Education (New Delhi). MITET is located on Madanapalli highway, Near Melumoi 5kms from Palamaner, in serene and lush green surroundings. The institute was founded to educate and empower the youth who play a decisive role in shaping the destiny of the nation. The college has a rich tradition of pursuing Academic Excellence and overall personal growth. This is achieved by providing excellent infrastructure, along with the presence of dedicated and highly qualified, faculty members, who monitor students individually with a single-minded aim of giving students a perfect launchpad to build their future and ensuring an all-round development along with professionalism.

**Our vision** is to apply the knowledge to expand the personal growth and to create the miscellany of ideas leading to the development of the society. We concentrate on social development, fostering economic competitiveness and to improve the quality of life by merging the professional skills, intellectual capacity and conceptual development with the educational program.

**Our mission** is to provide such path to the students that will lead them to the invincible heights of knowledge with exemplary professional qualities. Our college program reflects the philosophy that real education is that which converts the students into

the servers of humanity. In our institute, the innovation, creativity, learning and application knowledge are synergically balanced.

#### ABOUT THE DEPARTMENT:

The Department has always been on a high growth path to keep pace with the ever increasing importance of the major disciplines of study and current technology trends. The Department has strong research programmes leading to PG, degree in all the areas of Civil Engineering. A large number of PG. scholars are currently engaged in cutting edge research in the Department. In addition to the well-equipped curriculum related laboratories, the Department has many state of the art facilities for assisting research and development in Civil Engineering Technologies.

DEPARTMENT OF CIVIL ENGINEERING  
REPORT-ON

## FOUNDATION ANALYSIS BY USING STADD PRO

(Date: 20-04-2020 to 25-04-2020)

As the Department of CIVIL conducting the One week National Level workshop on Foundation analysis by using STADD PRO organized for students of III and IV Year CIVIL on 20<sup>th</sup> Apr to 25<sup>th</sup> Apr 2020 .The technical team has given mix of theory and practical knowledge on Foundation analysis by using STADD PRO.

This program was organized by B.Venkatesh, Head of the department with the co-ordination of Mrs. R.Tharun, Assistant Professor, And CIVIL Department.

The Workshop was organized for one week effective from 20-04-2020 to 25-04-2020 with a total duration of 30 hours. Forty Nine students from third year CIVIL were benefitted from this workshop program. The program was held in CIVIL Seminar hall for inauguration, theory and technical session practical were conducted in Autocad lab.

The trainers given excellent practice to design the foundation analysis by STADD PRO. During the Workshop first day – the trainer given brief introduction about Stadd pro, its principal, working Methods and installation of software. At the Second day the students involved to design steps. At the Third day the students involved to learn IS codes. At the Fourth day the students involved to learn post process analysis. At the Fifth day the students involved to learn various concrete and steel codes. At the Sixth day the students involved to practice stadd pro models. The trainer guided the students to design and developed the copters in their own and finally the students successfully designed the different stadd pro models.The students are enjoyed a lot for this real time experience.

The Resource person concluded the workshop successfully by enhancing the confidence levels of each and every student for future attempts of improving career prospects.

The total program is successfully completed with the cooperation of each and every faculty member of the department and student participants.
