#### ABOUT THE COLLEGE:

Mother Theresa Institute of Engineering & Technology was established in the year 2010 with an objective to impart quality education to students in the fields of Science and Technology. The College is affiliated to Jawaharlal Nehru Technological University ananthapuram(JNTUA) Ananthapur and approved by All India Council for Technical Education (New Delhi). MTIET is located on Madanapalli highway, Near Melumoi 5kms from Palamaner, in serene and lush green surroundings. The institute was founded to educate and empower the youth who play a decisive role in shaping the destiny of the nation. The college has a rich tradition of pursuing Academic Excellence and overall personal growth. This is achieved by providing excellent infrastructure, along with the presence of dedicated and highly qualified, faculty members, who monitor students individually with a single-minded aim of giving students a perfect launchpad to build their future and ensuring an all-round development along with professionalism.

**Our vision** is to apply the knowledge to expand the personal growth and to create the miscellany of ideas leading to the development of the society. We concentrate on social development, fostering economic competitiveness and to improve the quality of life by merging the professional skills, intellectual capacity and conceptual development with the educational program.

**Our mission** is to provide such path to the students that will lead them to the invincible heights of knowledge with exemplary professional qualities. Our college program reflects the philosophy that real education is that which converts the students into

the servers of humanity. In our institute, the innovation, creativity, learning and application knowledge are synergically balanced.

#### ABOUT THE DEPARTMENT:

The Department has always been on a high growth path to keep pace with the ever increasing importance of the major disciplines of study and current technology trends. The Department has strong research programmes leading to PG, degree in all the areas of Civil Engineering. A large number of PG. scholars are currently engaged in cutting edge research in the Department, In addition to the well-equipped curriculum related laboratories, the Department has many state of the art facilities for assisting research and development in Civil Engineering Technologies.
