ABOUT THE COLLEGE:

Mother Theresa Institute of Engineering & Technology was established in the year 2010 with an objective to impart quality education to students in the fields of Science and Technology. The College is affiliated to Jawaharlal Nehru Technological University ananthapuram(JNTUA) Ananthapur and approved by All India Council for Technical Education (New Delhi). MTIET is located on Madanapalli highway, Near Melumoi 5kms from Palamaner, in serene and lush green surroundings. The institute was founded to educate and empower the youth who play a decisive role in shaping the destiny of the nation. The college has a rich tradition of pursuing Academic Excellence and overall personal growth. This is achieved by providing excellent infrastructure, along with the presence of dedicated and highly qualified, faculty members, who monitor students individually with a single-minded aim of giving students a perfect launchpad to build their future and ensuring an all-round development along with professionalism.

Our vision is to apply the knowledge to expand the personal growth and to create the miscellany of ideas leading to the development of the society. We concentrate on social development, fostering economic competitiveness and to improve the quality of life by merging the professional skills, intellectual capacity and conceptual development with the educational program.

Our mission is to provide such path to the students that will lead them to the invincible heights of knowledge with exemplary professional qualities. Our college program reflects the philosophy that real education is that which converts the students into

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

Report-On

“Energy Conversation & Auditing”

(10-08-2017 to 14-08-2017)

It is well known that energy sector has its own impact on the progress and development of any nation. An energy crisis across the globe is driving force for optimal utilization of energy resources for sustainable development. Energy crisis had led to many innovations in all sectors. The opulent availability of energy resources and capability of manufacturing smart products are the key factors in the economic growth of any nation

As the Department of EEE conducting the Five-day workshop on **Energy Conversation & Auditing** organized for students of EEE on 10-08-2017 to 14-08-2017 to explore the working of the Copter in association with Sri Vignan Technologies, Tirupathi. The technical team has given mix of theory and practical knowledge on Quad Copter design.

This program was organized by Mr. K Krishna Reddy, Head of the department with the co-ordination of Mr Sudhakar C, Associate Professor, EEE Department.

The Workshop was organized for five days effective from 10-08-2017 to 14-08-2017 with a total duration of 12 hours. Fifty four students from EEE were benefitted from this workshop program. The program was held in EEE Seminar hall for inauguration, theory and technical session practical were conducted in Computer lab.

The trainers given Excellent practice to design the **Energy Conversation & Auditing** and its development. During the Workshop first day – the trainer has given brief introduction about **Energy Conversation**, its principal, working Methods and designing steps. At the Second day the students involved to design the circuits. The trainer guided the students to design and develop the circuits in their own and finally the students successfully designed the circuits. The students have enjoyed a lot for this real time experience.

The Technical team of Sri Vignan Technologies, Tirupathi concluded the workshop successfully by enhancing the confidence levels of each and every student for future attempts of improving career prospects.

The total program is successfully completed with the cooperation of each and every faculty member of the department and student participants.

Objectives of Workshop:

1. To train teachers & students to edify energy awareness for sustainable development
2. To know the current trends and technologies in renewable energy sector
3. To comprehend the future of renewable energy technology
4. To exhibit recent renewable energy technologies
5. To arrange visit to renewable energy industry / academia.

Scope of the Workshop:

1. Wind Energy, Biomass gasification and Biogas
2. Efficient Energy Appliances and Technologies, e.g. LED, CFL Luminaries, Hybrid vehicles etc.

Distribution of Certificates

All the students were awarded with a participation certificate.

Vote of Thanks

Mr. K Krishna Reddy, beloved HOD of EEE Department thanked every student for their active participation and interest in participating in the workshop and mentioned about the activities conducted in the college by the department. He promised that department will continue its assistance in conducting these sort of workshops and seminars in future.

He thanked the technical support given by Sri Vignan Technologies. He personally felt very happy for the response of the company and satisfied with the way they conducted the workshop.

He mentioned about the marvelous support given by the Principal, Dr. M Lakshmikanth Reddy to the department in conducting these workshops. He also thanked for the personal interest taken by him in encouraging the department in all aspects
