ABOUT THE COLLEGE:

Mother Theresa Institute of Engineering & Technology was established in the year 2010 with an objective to impart quality education to students in the fields of Science and Technology. The College is affiliated to Jawaharlal Nehru Technological University ananthapuram(JNTUA) Ananthapur and approved by All India Council for Technical Education (New Delhi). MTIET is located on Madanapalli highway, Near Melumoi 5kms from Palamaner, in serene and lush green surroundings. The institute was founded to educate and empower the youth who play a decisive role in shaping the destiny of the nation. The college has a rich tradition of pursuing Academic Excellence and overall personal growth. This is achieved by providing excellent infrastructure, along with the presence of dedicated and highly qualified, faculty members, who monitor students individually with a single-minded aim of giving students a perfect launchpad to build their future and ensuring an all-round development along with professionalism.

Our vision is to apply the knowledge to expand the personal growth and to create the miscellany of ideas leading to the development of the society. We concentrate on social development, fostering economic competitiveness and to improve the quality of life by merging the professional skills, intellectual capacity and conceptual development with the educational program.

Our mission is to provide such path to the students that will lead them to the invincible heights of knowledge with exemplary professional qualities. Our college program reflects the philosophy that real education is that which converts the students into

the servers of humanity. In our institute, the innovation, creativity, learning and application knowledge are synergic ally balanced.

DEPARTMENT OF SCIENCE AND HUMANITIES:

The department of Science & Humanities was established at the inception of the college. The focal point of the department is to lay a strong foundation for the budding engineers in basic sciences apart from fine tuning them in communication skills having in mind the latest technological developments. Well-equipped laboratories and a language laboratory complement the academic activities. Daily tests and ward system are in vogue to train the students for the examinations.

DEPARTMENT OF SCIENCE AND HUMANITIES REPORT ON ONE WEEK NATIONAL LEVEL WORKSHOP ON

APPLICATIONS OF RARE-EARTH MATERIALS (20.12.2021 To 24.12.2021)

About the workshop :

The Department of Science and Humanities of Mother theresa institute of Engineering Technology have conducted one week national level workshop for I B tech students from 20.12.2021 to 24.12.2021 on Applications of Rare-Earth materials.The workshop took place for about one week.The workshop was organised at Mother theresa Institutions.

The prime objective of the workshop was to inginite the young minds to develop a scientific temper and explore the latest trends and advances of Rare earth materials in day to day life.There has been a tremendous encouragement and cooperation for the workshop from management and the academic advisor.

The Inaugural Function commened at 10.AM on 20th dec 2021.It was so glad to conduct this workshop at Mother theresa college.Dr.M.Lakshmikantha reddy Garu principal of the college presided the Prof.C.K.Jayasankar Dept of physics from S.V.university ,Tirupathi was the resource Person for the day.Dr.C.S.Dwaraka Viswanath HOD of Sciences and Humanities department introduced the Prof.C.K.Jayasankar to the audience .Mrs.P.Lokeshwari Asst.Prof of English, presented welcome address.Professors from various universities were invited for the workshop.

Objective of the workshop :

The main aim of conducting this workshop on applications of rare earth materials ...is to review the geology of rare earth elements.Rare earth materials are utilised in a wide range of critical products enabling many emerging green energy technologies,high tech applications and defence systems.

They are used consumé goods...

They work on clean energy which is the need of hour today....

Programme schedule :

Day 1, programme has started from by prof.C.K.Jayasankar Prof in Physics From S.V.University.Firstly he gave orientation to the students, and then he spoke about the Rare earth metals doped Glasses connecting to universe.

Day 2, programme has been started by Dr.K.Venkata Krishnaiah from Dept of Electrical engineering, Hongkong Polytechnic University, Hongkong SAR, China. He spoke on the title laser cooling of solids.

Day 3, programme has been started by Dr.S.K.Nayab Rasool from Rajeev Gandhi Memorial college of Engineering and Technology.He spoke about Rare earth Ions – Luminescent Glasses.

Day 4, Programme has been started by Dr.G.Devarajulu post doc.Researcher from Kyung national university ...He have discussed on the topic Development of Rare earth doped luminescent Materials ; Basics to applications.

Day 5, Programme has been started by Dr.Adem Sreedhar.Dept of Physics of Gachan university of South korea. He have discussed on the applications of Two dimensional Ti_3C_2 Mxenes for Environmental remediation.

Distribution of certificates :

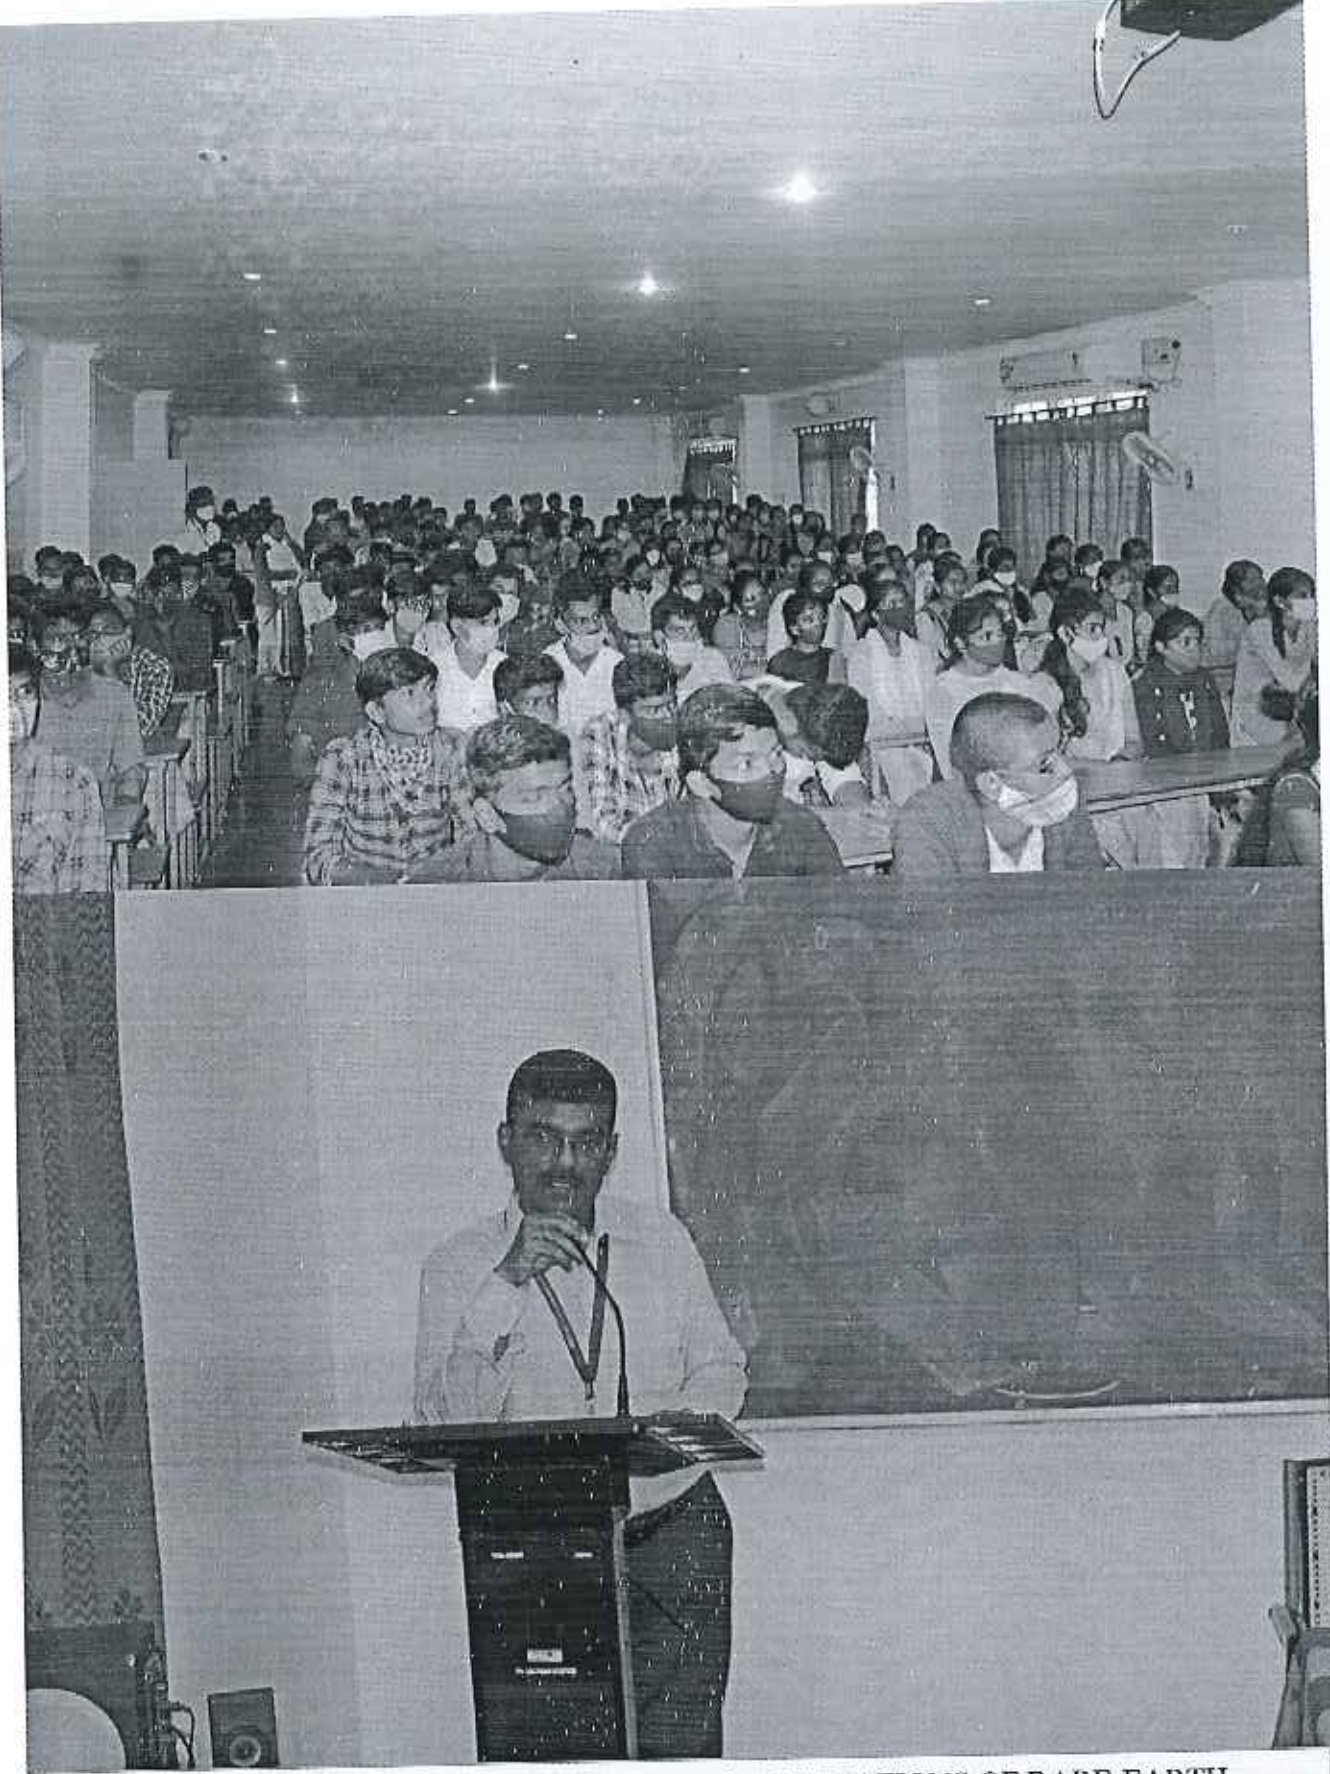

Certificates were distributed to all the participants who have participated in the event.

Vote of Thanks

Dr.C.S.Dwaraka Viswanath, our beloved HOD of H&S Department thanked every student for their active participation and interest in participating in the event and mentioned about the activities conducted in the college by the department. He promised that department will continue its assistance in conducting these sort and workshops in future.

He thanked all the resource persons from various universites for their kind cooperation towards the event. They personally felt very happy for the response of the students and also college and satisfied with the way they conducted the workshop.

The total program was a grand success and it was completed well with the cooperation of each and every faculty member of the department and student participants.
